The Review Generation Blueprint

A proven system for generating a steady flow of 5-star Google reviews — ethically, consistently, and without violating Google's guidelines.

Level: Beginner**Time to implement:** 1–2 hours**Results timeline:** 1–2 weeks

Why reviews matter more than you think: Google uses review count, review velocity (how fast you get them), and average star rating as direct ranking factors. A business with 12 reviews and 4.8 stars will almost always outrank a business with 3 reviews and 5.0 stars. Volume and consistency beats perfection.

1

The 3-Touch Ask Sequence

Most businesses ask for a review once — usually verbally, awkwardly, at the end of a job. That's why they get a trickle. The 3-touch system creates a structured follow-up that triples response rate without feeling pushy.

1

Touch 1 — Verbal ask (day of job completion)

Before you leave or finish the service, say: *"We really appreciate your business. If you're happy with everything, a Google review would mean a lot to us — it helps other [city]"*

homeowners find us. I'll text you a direct link in a few minutes."

2

Touch 2 — SMS within 1 hour of job

Send a text while the experience is fresh. Use the template in Section 2.

3

Touch 3 — Follow-up text at day 4 (if no review)

A gentle, non-pushy reminder. Only send once. If they haven't reviewed after this, move on — don't spam.

Timing is everything: The best window to ask is within 1–4 hours of completing a job, while the customer's satisfaction is highest. Reviews requested same-day convert at 3–4x the rate of requests sent days later.

2

SMS Templates — Copy and Send

Replace [NAME], [BUSINESS NAME], and [REVIEW LINK] with your details. Your Google review link is at: business.google.com → [Get more reviews](#) → [Share review form](#).

TOUCH 2 — SAME-DAY SMS (PRIMARY ASK)

Hi [NAME], this is [YOUR NAME] from [BUSINESS NAME]. Thanks again for letting us take care of you today! If you have 60 seconds, an honest Google review would really help our small business: [REVIEW LINK] — Thank you! 🙏

TOUCH 3 — DAY 4 FOLLOW-UP SMS

Hi [NAME], just circling back — if you had a good experience with [BUSINESS NAME] and have a moment, we'd really appreciate a Google review: [REVIEW LINK]. No pressure at all — just means a lot to our team. Thanks!

ALTERNATIVE — EMAIL ASK

Subject: Quick favor — 60 seconds of your time? Hi [NAME], Thank you so much for choosing [BUSINESS NAME] for your recent [service]. It was a pleasure working with you. If you're happy with the result, would you mind leaving us a quick Google review? It takes about 60 seconds and helps other [city] residents find us when they need [service]. Here's the direct link: [REVIEW LINK] Thank you — we truly appreciate it. [YOUR NAME] [BUSINESS NAME]

Never say: "Leave us a 5-star review." Google's terms prohibit soliciting specific star ratings. Say "honest review" or "share your experience" instead.

3

QR Code Setup — In-Person Review Requests

For businesses with physical locations or in-person interactions, a QR code that links directly to your review form is one of the highest-converting tools available.

How to create your review QR code

1

Get your review link

Go to business.google.com → select your profile → click "Get more reviews" → copy the link.

2

Generate the QR code

Go to qr-code-generator.com (free). Paste your review link. Download as PNG or SVG.

3

Print and place strategically

Add to: invoices, business cards, vehicle wrap, job site signs, waiting room, countertop card, and the back of your estimate forms.

TEXT TO INCLUDE WITH YOUR QR CODE

"Happy with our work? Leave us a Google review — it takes 60 seconds and means the world to our team."

4

Responding to Reviews — Templates for Every Type

Responding to reviews is a direct Google ranking signal. It signals that your business is active and engaged. Respond to every review — positive and negative — within 48 hours.

5-STAR REVIEW RESPONSE

"Thank you so much, [NAME]! We're so glad we could take care of your [service] and that everything went smoothly. Your kind words mean a lot to our team — it's exactly why we do what we do. We look forward to serving you again whenever you need us!"

4-STAR REVIEW RESPONSE

"Thanks for the kind words, [NAME]! We really appreciate you taking the time to share your experience. We're always looking to improve — if there's anything we could have done better, please don't hesitate to reach out directly at hello@primelocalgrowth.com. Hope to earn that fifth star next time!"

NEGATIVE REVIEW RESPONSE (1–3 STARS)

"Hi [NAME], thank you for the honest feedback — I'm genuinely sorry your experience didn't meet your expectations. That's never the standard we aim for. I'd really like to make this right. Please reach out to me directly at [PHONE/EMAIL] so we can talk through what happened. We stand behind our work and I want the chance to resolve this for you."

FAKE OR UNFAIR REVIEW RESPONSE

"Hi [NAME], we've looked through our records and don't have any record of a visit or service matching this description. We take all feedback seriously and want to make sure we're addressing the right situation — please reach out to us directly at [EMAIL] so we can look into this. Our goal is always 100% customer satisfaction."

Keyword tip: Naturally include your primary keyword in review responses when it fits.
Example: "Thanks for trusting us with your AC repair in San Antonio!" This adds another keyword signal to your profile.

5

Review Velocity — Why Pacing Matters

Google's algorithm monitors how quickly you accumulate reviews. A sudden spike — like getting 20 reviews in one week after having 2 for years — can trigger a spam filter and cause reviews to be removed or your profile to be flagged.

Healthy velocity targets

Business stage	Target pace	Strategy
0–10 reviews	2–4 per month	Ask every customer — this is your foundation phase
10–50 reviews	4–8 per month	Systematize the ask — every job, every customer
50–100 reviews	6–10 per month	Maintain consistency — never stop asking
100+ reviews	8–15 per month	Focus on quality and response rate

Never: Buy reviews, ask friends/family who aren't real customers, offer discounts in exchange for reviews, or ask employees to leave reviews. All violate Google's Terms of Service and can result in profile suspension.
